CPE Pharmacy Pressures Survey 2025: It's time to share your views

Community Pharmacy England has launched its fourth annual Pressures Survey, and all pharmacy owners and staff are asked to share their views.

The survey provides crucial evidence as part of ongoing work to monitor and quantify the intolerable challenges facing the sector. Results will be used to raise awareness in the national media and Parliament, and to once again demonstrate the impact of the ongoing crisis in community pharmacy to Government and the NHS.

The survey is split into two parts: one for [pharmacy business owners/head office representatives](#), and another for [pharmacy teams](#). Both surveys are short and should take about 10-15 minutes to complete. They will be open until **23.59 on Friday, 28th February**.

Reminder: please ask your patients to give feedback on Pharmacy First

Pharmacy teams providing Pharmacy First are asked to help promote the survey using the resources CPE have developed. To encourage as many responses as possible, the survey has been designed to be quick and easy to complete; during testing, most patients took around two minutes to complete it.

about a vision and common purpose for pharmacy professional leadership

Join the Big Conversation on pharmacy professional leadership 3rd to 25th February

The UK Pharmacy Professional Leadership Advisory Board (UKPPLAB) invites you to join a UK-wide 'Big Conversation' about the future of collaborative pharmacy professional leadership.

'Enabling us to be the best that pharmacy can be' webinars will be held across the UK from 3 to 25 February 2025, giving pharmacists, pharmacy technicians and wider pharmacy team members an opportunity to have their say on a proposed vision and

common purpose for pharmacy professional leadership.

Together, the Board has co-created a [proposed vision and common purpose](#) which sets the intention for a more collaborative approach to pharmacy professional leadership in the future. An approach that will benefit patients, pharmacists, pharmacy technicians and all professional leadership bodies and specialist professional groups.

Note: You don't have to be a member of a professional leadership body or specialist professional group to join a webinar. All webinars are open to everyone.

These free, interactive 'Enabling us to be the best that pharmacy can be' webinars will run from Monday 3 Feb to Tuesday 25 Feb.
