

## Deadline Tracker June 2025

If you are part of a pharmacy group or multiple, please liaise with your area managers/head office.

Subject	Requirement	Deadline	Action and links	Tick when completed
NMS Claim Change on MYS	Pharmacy Income	Reminder for May claim	<p>Ahead of making a claim for the New Medicine Service (NMS) consultations carried out in May 2025, pharmacy owners are reminded of the changes to the service's payment structure that came into effect last month. The payment structure for NMS will be simplified to a £14 fee for each Intervention or Follow up consultation provided to the patient, i.e. a total fee of £28 will be paid if the pharmacy has done both the Intervention and Follow up consultations. For claims for NMS provided in <b>April and subsequent months, up until that change is made to MYS</b>, pharmacy owners will need to claim the total number of Intervention consultations and Follow up consultations they have provided in the month. For example:</p> <p>Number of completed Intervention consultations – 20            Number of completed Follow up consultations – 11            Number of NMS provisions to be claimed in the MYS module– 31.</p> <p>Once the NHSBSA have updated the MYS module, pharmacy owners will be able to separately report on the number of Intervention consultation and Follow up consultations, with the NHSBSA making payment based on the total number of each.</p> <p><a href="#">Learn more here.</a></p>

<b>LFD Service</b>	<b>Pharmacy Income</b>	<b>By the 16<sup>th</sup> June 2025</b>	<p>As a reminder, NICE guidance on antiviral treatment for C-19 was amended on 1st May, removing some of the cohorts of patients eligible for these treatments. This follows changes to the pricing of Paxlovid introduced by Pfizer.</p> <p>CPE have discussed the corresponding changes to the LFD service which need to be made with NHS England; the required changes are simply to remove reference to eligible groups of patients that were added to the eligible cohort last year. Consequently, the eligible groups for the LFD service return to those that were included when the service was first commissioned.</p> <p>NHS England have agreed a four week notice period for pharmacy owners to allow them to brief staff and to update their SOP for the service. They should stop supplying LFDs to the patient groups removed from the eligible cohort as soon as possible, but by Monday 16th June at the latest.</p> <p><a href="https://cpe.org.uk/our-news/lfd-service-changes-to-patient-cohort-eligibility/">https://cpe.org.uk/our-news/lfd-service-changes-to-patient-cohort-eligibility/</a></p>
