

Community Pharmacy Services Resource Guide

This guide has been produced to help healthcare professionals access resources for NHS community pharmacy services.

National resources

Community Pharmacy England Patient-Facing webpage: communitypharmacy.org.uk

The website provides information about the following three services:

- Pharmacy First Service (clinical pathways);
- Hypertension Case-Finding Service (publicly known as the Blood Pressure Check Service); and
- Pharmacy Contraception Service.

There is a separate page for each of the services, providing patients with information about the individual services and directing them to the NHS website to find a pharmacy that offers the service.
